Kindly go through the document with an open mind, we are optimistic that you will be glad to have us work with you in your next cargo handling and maritime projects and need.

CEO STATEMENT

My years of experience in the maritime sector have helped me to see the actual possibilities of moving goods globally in a seamless manner. This is why Mubikay First Resources LTD, is here to implement new ideology and bring about a sustainable maritime and cargo handling approach to a great logistics industry.

YEKINI KAMOLI AYINDE

CEO Mubikay First Resources Limited

Mubikay First Resources Limited is an indigenous maritime and logistics company established in 2018, operating within the maritime transportation sector. The company specializes in the safe, efficient, and compliant movement of **legitimate cargo across domestic and international trade routes**

ABOUT US

Since commencement of operations, Mubikay First Resources Limited has recorded steady growth driven by professionalism, operational efficiency, and strict adherence to maritime regulations and global best practices. The company has built a reputation for integrity, reliability, and stakeholder confidence within the maritime industry.

Mubikay First Resources Limited was founded and is currently headed by **Mr. Yekini Ayinde Kamoli**, who provides executive leadership and strategic direction. The shareholder structure includes **Mr. Yekini Owoyemi**, alongside other strategic stakeholders, ensuring sound governance, accountability, and long-term stability.

VISION STATEMENT:

To become a leading and trusted maritime services company, recognized for operational excellence, regulatory compliance, and sustainable global logistics solutions.

VISION STATEMENT:

To deliver safe, efficient, and compliant maritime transportation services through professional expertise, innovation, and strict adherence to international maritime standards, while creating long-term value for clients, investors, and stakeholders.

OUR
GOAL

CORE VALUES

- **Integrity** – Ethical conduct and transparency in all business dealings
- **Compliance** – Strict adherence to local and international maritime regulations
- **Safety** – Protection of lives, assets, and the environment
- **Excellence** – Continuous improvement and service quality
- **Accountability** – Responsibility in decision-making and operations
- **Sustainability** – Commitment to long-term economic and environmental value

CORPORATE GOVERNANCE FRAMEWORK

Mubikay First Resources Limited operates under a structured corporate governance framework designed to promote transparency, accountability, and effective oversight. The company is led by its Managing Director and supported by shareholders and management personnel who ensure responsible decision-making, ethical conduct, and regulatory compliance.

Clearly defined roles, internal controls, and documented operational policies guide daily business activities. Management undertakes periodic reviews of business performance, risk exposure, and compliance status to ensure alignment with strategic objectives and regulatory expectations.

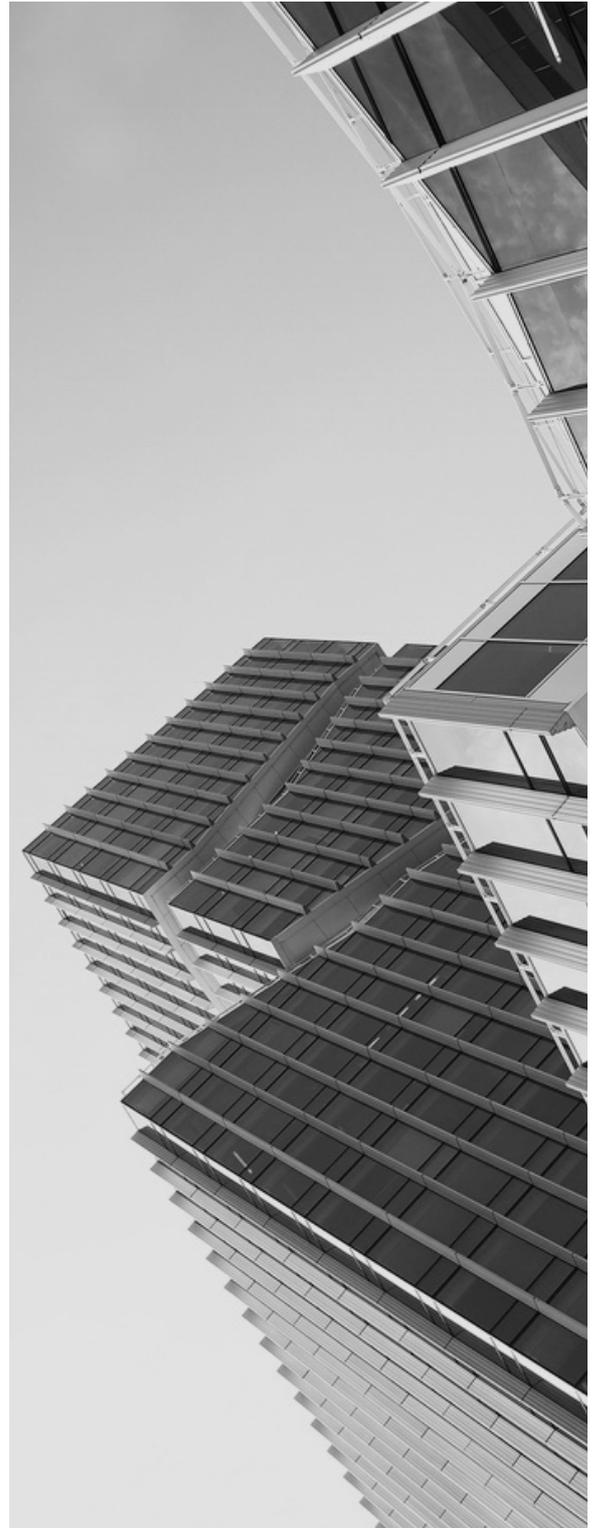

This framework safeguards stakeholder interests and supports sustainable growth.

THE COMPANY VALUES

We work to achieve our vision by cultivating collaborative stakeholder relationships, meeting and exceeding client expectations, embracing innovation and best practices, and hiring and developing people who are dedicated to personal development. Our values, relationships, foresight, and passion are critical to realizing our vision.

Our stakeholders' relationships are critical to our business. As a result, collaboration with our clients and supply chain partners is central to how we operate. Our distinct collaborative approach ensures that we engage the right people at the right time to make the right decisions. As a result, we encourage collaboration from the start of all service and create an environment that facilitates and encourages these relationships.

Our effective approach to integrated teamwork and communication are central to the continuous improvement of the services we provide our clients.

RISK MANAGEMENT & COMPLIANCE

The company recognizes the critical importance of proactive risk management in the maritime industry. Mubikay First Resources Limited has implemented structured systems to identify, assess, monitor, and mitigate risks across its operations.

Key focus areas include:

- Compliance with local and international maritime laws and conventions
- Operational and navigational safety standards
- Cargo verification and transaction due diligence
- Financial controls and contractual risk management
- Continuous monitoring of regulatory developments

strong compliance culture is embedded across the organization, supported by management oversight and internal control mechanisms.

SUSTAINABILITY & ESG COMMITMENT

Mubikay First Resources Limited integrates **Environmental, Social, and Governance (ESG)** principles into its operations to promote long-term sustainability and responsible growth.

Environmental Responsibility

Commitment to pollution prevention, safe maritime operations, and compliance with environmental protection regulations.

Social Responsibility

Provision of a safe and inclusive work environment, employee development, and responsible engagement with clients, partners, and host communities.

Governance Responsibility

Strong ethical leadership, transparency, accountability, and regulatory compliance form the foundation of the company's governance practices.
